

Here is a summary of the hands-on programming provided by the LCC Naturalist staff. **We hope you join us!**

Programs can happen indoors at your location or outdoors at a local park or County Conservation area. Programs can be weekday, evenings, or weekends (pending staff availability). April-May and Sept.-Oct. are very busy times for us. please have flexibility in your dates and times and/or reach out to us a year in advance! These programs are FREE for Louisa County groups. There is a \$25/hour charge for non-residents.
